

## Article 4: Deactivating an Agent Account

[Test AI Answer Helpdesk Articles](#) - [تعليقات \(.\)](#) - Owen Wakeman - 2026-06-28

### Overview

.Deactivating an agent prevents them from accessing the help desk without deleting their data

### When to Deactivate

- An agent leaves the organization
- Temporary leave or suspension
- Role changes that no longer require access

### Steps

1. Open the agent's profile
2. Select **Deactivate Account**
3. Confirm the action

### What Happens Next

- The agent can no longer log in
- Existing tickets remain in the system
